

STEM CELL FORUM
Wednesday Feb 14, 2018
Time: 5:30-7:30 PM
The Francis Crick Institute
1 Midland Road, NW1A 1AT
Auditorium

17:30-18:15 PM Dr Shukri Habib

Principal Investigator

Centre for Stem Cells and Regenerative Medicine, King's College London

"How Do Stem Cells Find Their Niche? "

18:15-18:35 PM Dr. Megha Prakash Bangalore,

Post-doc in Dr. Veronique Azuara's group

Institute of Reproductive and Developmental Biology (IRDB), Imperial College London

"Effects of culture media on human pluripotent cells"

18:40 -19:10 PM Dr. Yung-Yao Lin

Lecturer, Blizard Institute

Barts and The London School of Medicine and Dentistry

Queen Mary University of London

"Targeted gene correction of FKRPs by CRISPR/Cas9 restores functional glycosylation of α -dystroglycan in cortical neurons derived from human induced pluripotent stem cells"

Munchies and drinks will be provided thanks to Stem Cell
